

March 14, 2020

Dear members of Ancaster CRC:

Because of the uncertain and unpredictable nature of the impact of the spread of the coronavirus on the community, it has been decided **to discontinue, for the moment, physical worship services starting this Sunday and all other weekly church events until further notice.**

We have taken this decision with great reluctance because worship is at the heart of our life together as Christians, but as leaders we believe that it is the responsible decision. We prefer to be cautious with the health of the congregation, and not encourage people to take unnecessary risks.

We also need to be mindful of the fact that our financial commitments in meeting our expenses do not stop. Since we are unable to hold our weekly collection you are encouraged to contribute via the Bridge app or via our website or drop off a cheque in the mailbox by the front door.

We also wish to inform you that the Planning Group report which you were hoping to pick up from your mail slot is also available to read on the website.

On behalf of your Council,
Fred Hagen
